AEROFEST 2016 - Landing Fees

Dear Sir

The Aero Club is again committed to presenting an exciting and successful event on March 6th 2016

To ensure success and the wonderful promotional opportunity available, the Aero Club needs to get strong support from the wide Australian aviation community. To encourage visiting pilots and visitors and to assist us in best promoting the event to the region, whilst showcasing the Busselton Regional Airport, we are asking that you consider a waiver of landing fees for aircraft visiting "Aerofest". The waiver is sought for Saturday and Sunday March 5th and 6th -2016

A strong contingent of visiting aircraft will attract a larger public attendance and subsequently we would be better placed to achieve our goal and support the service clubs we embrace.

Your early decision would allow us to acknowledge the City's commitment in our advertising programme. The waiver granted for the 2014 event was popular and has drawn many complimentary comments.

We look forward to your response and support for "Aerofest 2016"

Yours faithfully

Ken Manton [Secretary]
Aerofest Co-Ordinator
