Sponsorship Agreement between the Bunbury Geographe Economic Alliance and the South West Country Zone of WALGA has been executed and is attached.

The Zone will have exhibition space at the Forum to be held on 12 August. The Executive Officer will liaise with Local Governments in the Zone about providing officers to attend the exhibition booth and marketing material.

Noted

7. ZONE BUSINESS

7.1 Housing Issues

The following update relates to housing issues in terms of:

1. Work being undertaken by WALGA on behalf of Local Government at a State Government level, and
2. Issues identified by the South West region, collated as an attachment.

WALGA Update

To provide an update on WALGA discussions in relation to housing, rental, worker and (Government Regional Officer Housing) GROH accommodation shortage.

Key issues relate to:

- Shortage of housing and rental accommodation
- Labour and materials shortage and delays
- Increased need for worker accommodation and GROH properties.

Background

WALGA has attended meetings with several government agencies to discuss the current rental and housing shortage. Conversations have been had around Local Government identifying owned properties that could be sold to accommodate workers and exploring opportunities to enter into joint ventures to develop land to provide worker accommodation, including GROH.

DPLH Land Management - identification of section 152 land held by Local Government under management order. Is the land able to be developed for social/community/GROH.

GROH – Department of Communities have established a Senior Officers Working Group (WALGA is seeking representation on this group). The working group will focus on developing a 4 year strategic plan to identify future needs for GROH accommodation and addressing the unmet housing demand.

Questions for Zone

- SHERP package – uptake of \$1.5m in grants for maintenance.
- Regional Development Assistance Program – funding for headworks
- Is there an opportunity to enter into a joint venture agreement to build worker accommodation with local businesses.
- Identify red tape and planning reforms to assist with development
- Properties available for spot purchase by the State government

Collation of South West Housing Issues

A collation of updates from Local Governments is **attached** for information. The document provides a status of existing housing strategies, provides observations on a range of issues, and identifies opportunities to guide advocacy in discussions with the State Government.

For instance, it is noted that many smaller Local Governments do not have the resources to prepare a housing strategy, and assistance from the State would enable Local Governments to undertake this planning task. Not only would such action help to mitigate housing shortages in the medium term, it would enable more coordinated local, regional and state level planning.

Noted

7.2 Local Government Standardisation and Red Tape Reduction

The Minister for Local Government, Hon John Carey MLA, has identified red tape reduction, and standardisation across the Local Government sector as a priority.

To that end, the Minister has established a Red Tape Reduction Reform Working Group. WALGA Chief Executive Officer, Nick Sloan is a member of the Working Group.

WALGA has identified a number of issues to be raised through this forum, based on existing advocacy positions.

In addition, it is acknowledged there will be opportunities at a regional and sub-regional level to standardise local laws and other processes. Tangible examples of standardisation of local laws and other processes are sought from the Local Government sector to assist in building an evidence base for advocacy.
