Dear Mayor Stubbs,

We wish to thank you for your third pledge payment of \$25,000.00 to the South West Coronary Care & Cancer Service located at St John of God Bunbury Hospital. These services will benefit the whole South West community, both public and private patients.

The specialised facilities are Western Australia's first ever regional Coronary Care and Cancer Services. They are complemented by a state-of-the-art cardiac angiography suite and have extended the range of specialised services such as chemotherapy, palliative care and renal dialysis already offered by St John of God at the South West Health Campus.

We truly appreciate your kindness and thank you again for helping us achieve our goal. Please find your tax deductible receipt below.

With kind regards

Josephine Board
Chief Executive Officer
St John of God Foundation Inc.
