

Council Policy Name: Shark Hazard Response

Responsible Directorate: Planning and Development Services

Version: Proposed

1. PURPOSE

1.1. The purpose of this Policy is to guide the City’s approach in response to shark attacks and shark sightings, water safety warnings and related information provided to the public.

2. SCOPE

2.1. This Policy is applicable to beach areas under the care, control and/or management of the City.

3. DEFINITIONS

Term	Meaning
Patrolled Beach	a beach that has a Surf Life Saving Western Australia beach safety and surveillance service in operation
Policy	this Council Policy titled “Shark Hazard Response”

4. STRATEGIC CONTEXT

4.1. This Policy links to Key Goal Area 1 – Community of the City’s Strategic Community Plan 2017 and specifically the Community Objective 1.1: a friendly safe and inclusive community with a strong community spirit.

5. POLICY STATEMENT

5.1. The City advocates to the State Government for a consistent state wide approach to the management of sharks including shark sightings and incidents, regardless of land tenure.

5.2. The City is informed of shark sightings by the Surf Life Saving Western Australia (SLSWA) helicopter surveillance and the Shark Monitoring Network service when available.

5.3. Shark sighting reports generally provide details about the location of the shark, size, species and in some instances direction of travel, all of which inform decisions about swimmer safety and the City’s response.

5.4. At a Patrolled Beach, a SLSWA life guard is the authorised person for responding to a shark sighting and for implementing the SLSWA response procedure; which may include sounding alarms to alert swimmers, clearing the water of swimmers and monitoring shark presence.

5.5. In the event of a shark attack fatality, WA Police are the lead agency. The City will provide assistance with the management of the shark attack and implement beach safety measures as necessary and under the direction of the WA Police.

5.6. ~~Where, following a shark attack, an order to capture a shark is granted to the Department of Primary Industries and Regional Development (Fisheries), and a direction is given to swimmers to leave the water, beaches will generally not be re-opened less than 24 hours after the shark attack occurred, and/or after Fisheries advise that the order has been lifted.~~

5.7. The decision to re-open a beach shall be made by the City in consultation with Fisheries.

5.8. Community awareness of shark hazards will be promoted by:

- a. ~~providing~~ information on the City's website about how to access of recent reports of shark activity, ~~from information and communication platforms such as the Shark Smart website and SLSWA Twitter feed, Patrolled Beach~~ information to encourage swimmers to use Patrolled Beaches, and ~~information about~~ the beach enclosures at Dunsborough and Busselton;
- b. temporary signage installed to inform beach users and swimmers that a shark has been sighted in the vicinity and to provide information on how to access the latest shark sighting report information; and
- c. temporary signage at key locations to inform beach users and swimmers of increased shark activity during the annual salmon season, being March to May.

6. RELATED DOCUMENTATION / LEGISLATION

6.1. Shark Hazard Response Operational Practice
